(a) whether there is any proposal to reduce the price of low density polyethyliner (LDPE);

(b) if so, what are the reasons therefor; and

THE MINISTER OF INDUSTRY (SHRI J. VENGAL RAO): (a) to (c) At present Indian Petrochemicals Corporation Ltd. As the domestic availability of LDPE is significantly short of the indigenous demand, import of LDPE is allowed on OGL for actual users as well as for stock and sale; IPCL has been effecting imports of LDPE to cater to the requirements of small scale units who find it difficult to organise imports on their own. IPCL offers indigenous and imported LDPE to the consumers at a pooled price which is adjusted from time to time depending upon the landed cost of imports. The pooled price was reduced by around Rs. 3 Kg. in December, 1988.

This reduction in the pooled price will have no adverse impact on the production of LDPE in the country.
